

Meeting Announcement

Performance Measurement Advisory Committee

The next meeting of the Performance Measurement Advisory Committee will be held on Wednesday, March 29th, 2006 from 10am to 4pm at the Hawthorne Suites, 321 Bercut Drive, Sacramento, CA.

We continue to be very committed to receiving input and sharing the performance measures development process with stakeholders. Although meeting room space tends to be somewhat limited, each Performance Measurement Advisory Committee meeting will be open to stakeholders so that they may view the process of the committee. Additionally, each meeting will have a 20-minute feedback session in the afternoon where stakeholders may provide input directly to the committee, if desired. Performance Measurement Advisory Committee meeting times, locations, agendas and minutes will be posted on the DMH website.
